

Flexible continuous systems for cubicles

The KRAIBURG LongLine family

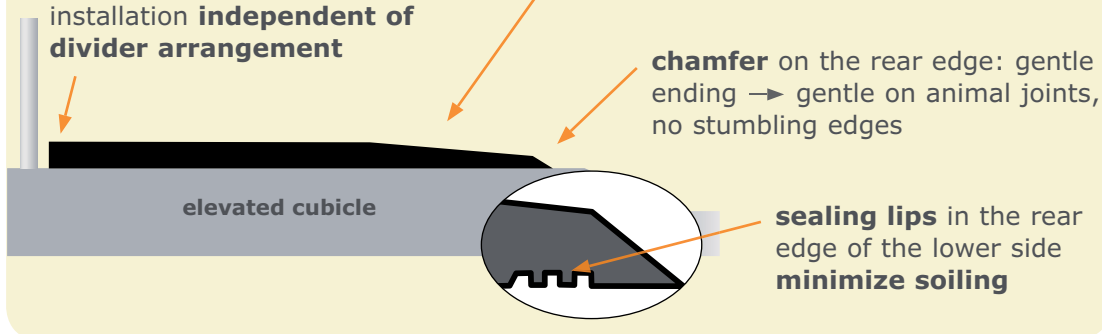

► **KKM LongLine and KIM LongLine** are unique continuous systems with the advantages of the proven single mats:

fixation only necessary at the front edge → fast installation

integrated slope in the rear edge promotes drying off

installation **independent of divider arrangement**

chamfer on the rear edge: gentle ending → gentle on animal joints, no stumbling edges

Your KRAIBURG dealer:

KRAIBURG KKM LongLine

► cubicles in free stall systems (dairy cows / young cattle / bulls)

the popular KKM single mat as continuous system

the soft, highly wear resistant honeycomb texture creates excellent lying comfort
