

The KKM (KRAIBURG soft mat) is a timeless classic among our lying mats. Featuring a robust honeycomb profile on its lower side and boasting a thickness of ca. 3 cm, it offers a mid-range comfort level. It is available either as a single or puzzle mat as well as a LongLine option (continuous roll system) and is equally well suited for dairy cattle and young cattle. We recommend the LongLine option for fattening cattle.

- Proven, low maintenance pebbled surface
- Chamfer on the rear edge: protects joints, no stumbling edge
- Integrated slope to the rear edge helps keep the surface dry
- Soft and robust
- DIN class 3

The options

KKM (straight edge)

KKM single mats are installed edge to edge and fixed at the front edge at the prefabricated fixing points. Optionally, an intermediate connecting bar (KK connecting bar) can be used to bridge joints between mats (e. g. in the case of mushroom dividers or very fine bedding) or as a side closure. Our brisket boards can also be added as accessories.

- Robust honeycomb profile
- Quick and easy installation
- Suitable for suspended dividers and mushroom dividers

Technical data

Dimensions (mm / cm)	Thickness	Width	Length
KKM (single mat with straight edge)	ca. 3 cm	120 / 125 cm	170 / 183 cm
		115 cm	183 cm

Dimensions (in / ft)	Thickness	Width	Length
KKM (single mat with straight edge)	ca. 1 ¼"	47 ¼ / 49 ¼"	67 / 72"
		45 ¼"	72"

Optional accessories: KK connecting bar		Width	Length
Closure of gaps of up to 4 - 8 cm / 1 ⅝ - 3 ¼" in width	(e.g. with mushroom dividers or very fine bedding) or as a side closure	13 cm	165 / 180 cm
		5 ⅝"	65 / 71"

Optional accessories: Brisket boards

Installation and fixing

Mats are laid edge to edge.
[Installation instructions](#)

Fixing at the head edge Prefabricated fixing points facilitate installation.

Maintenance tip

Cover lying mats lightly with bedding e.g. soft milled straw or mineral materials (moisture in the lying area can cause various conditions, including skin diseases and infections)

Treatment with a high-pressure cleaner and standard cleaning agents possible.

Installation and fixing

Mats are laid edge to edge.

KKM Puzzle

KKM Puzzle mats interlock by means of a precise puzzle interlock system and are fixed at the front edge at the prefabricated fixing points. This results in a virtually jointless lying mattress. Optionally, our brisket boards can be added as accessories.

- **Robust honeycomb profile**
- **Single mat with puzzle interlock system - for virtually jointless mattress**
- **Suitable for suspended dividers and mushroom dividers**

Technical data

Dimensions (mm / cm)	Thickness	Width	Length
KKM Puzzle	ca. 3 cm	120 cm	170 / 183 cm
		110 cm	183 cm

Dimensions (in / ft)	Thickness	Width	Length
KKM Puzzle	ca. 1 ¼"	47 ¼"	67 / 72"
		43 ¼"	72"

Treatment with a high-pressure cleaner and standard cleaning agents possible.

KKM LongLine

The extra large KRAIBURG soft mat: The popular classic LongLine option (continuous roll system) is available in lengths of up to 50 meters. The system is simply fixed at the prefabricated fixing points at the head edge. We recommend this option in particular for young cattle and fattening cattle, as it can be installed irrespective of the divider division and gradually "grows" with the animal.

- **Robust honeycomb profile**
- **Jointless continuous roll system**
- **Suitable for suspended dividers and mushroom dividers**

Technical data

Dimensions (mm / cm)	Thickness	Length	Width
KKM LongLine	ca. 3 cm	2.5 - 50 m (in 10-cm increments)	170 / 183 cm

Dimensions (in / ft)	Thickness	Length	Width
KKM LongLine	ca. 1 ¼"	8 ½ - 164' (in 4" increments)	67 / 72"

Optional accessories: Brisket boards
