

Exceptional comfort & versatile application

The WELA comfort mat adapts to the shape of the lying cow thanks to the stable blade profile on its lower side. Boasting a thickness of ca. 5 cm, it provides excellent and durable lying comfort for both cows and young cattle. It is available either as a single or puzzle mat as well as a LongLine option (continuous roll system).

- Proven, low maintenance pebbled surface
- Chamfer on the rear edge: protects joints, no stumbling edge
- Integrated slope to the rear edge helps keep the surface dry
- DIN class 3

The options

WELA (straight edge)

The stable WELA blade profile adapts to the bodies of cows and young cattle. The easy-to-use single mats are installed edge to edge and simply fixed at the head edge at the prefabricated fixing points. The comfort mat is available in widths from 110 cm. Optionally, our brisket boards can be added as accessories.

- Stable blade profile
- Quick and easy installation
- Suitable for suspended dividers

Installation and fixing

Mats are laid edge to edge.
[Installation instructions](#)

Fixing at the head edge Prefabricated fixing points facilitate installation.

Maintenance tip

Cover lying mats lightly with bedding e.g. soft milled straw or mineral materials (moisture in the lying area can cause various conditions, including skin diseases and infections)

Treatment with a high-pressure cleaner and standard cleaning agents possible.

WELA Puzzle

The stable WELA blade profile adapts to the bodies of cows and young cattle. The easy-to-use single mats interlock by means of a precise puzzle interlock system and are simply fixed at the head edge at the prefabricated fixing points. The puzzle interlock system results in a virtually jointless mattress. The comfort mat is available in widths of 110 cm and 120 cm. Optionally, our brisket boards can be added as accessories.

WELA LongLine

The LongLine option of the WELA comfort mat comes as a continuous roll - available in lengths of up to 20 m. The system is fixed at the prefabricated fixing points at the head edge and at the side closure bars. Two rolls can be joined with connecting bars. The comfort mat roll is available from 165 cm and is, therefore, also suitable for shorter free stalls. It can be installed irrespective of the divider division and gradually "grows" with the animal. Optionally, our brisket boards can be added as accessories.
